

Compact Hand-Held Mobile Computer

HIGHLIGHTS

• **ERGONOMIC AND RELIABLE**
The Datalogic Skorpio™ is a rugged mobile computer particularly suitable for mobile commerce solutions in the retail environment both on store shelves and in the stock room. Thanks to one of the best ergonomics ever seen on the market, Datalogic Skorpio™ reduces operator fatigue with no compromise in terms of reliability and robustness, resisting harsh environments, multiple drops, strong shocks and repetitive tumbles.

• **WIRELESS COMMUNICATION**
Its wireless communication capabilities (Bluetooth®, IEEE 802.11b/g) enable fast transactions and complete interaction with information systems including the newest RF security protocols such as WPA™ and WPA2™.

Moreover, Cisco Compatible Extensions CCX V4 certification permits all the advantages offered by the Cisco WLAN infrastructure to be exploited.

• **“GREEN SPOT” FEEDBACK**
The Datalogic Skorpio™ offers the unique feature of integrated data capture technology combined with “green spot” feedback (Datalogic patent), providing a “good read” green dot directly on the code, where the operator usually tends to be looking.

• **USER-FRIENDLY**
The Datalogic Skorpio™ large high visibility color graphic display with touch screen helps users work more efficiently, while the practical 38-key “alpha & numeric” keypad allows data, codes and descriptions to be input very quickly.

FEATURES

- Laser scanner with “Green spot”, providing good read feedback (Datalogic patent)
- Compact, lightweight and robust
- Microsoft Windows CE 5.0 operating system
- Bluetooth® wireless technology and 802.11 b/g CCX V4 certified communication options
- 1.5 m (5 ft) drop resistance
