

The Most Reliable Portable Printers®

A DOVER COMPANY

PrintPAD™ Integrated Printing System (Hand Held Products™-compatible)

The PrintPAD 7900 portable thermal printer works in the most rugged environments to enable the production of hardcopy back-ups of digital information and signature printing, as well as the generation of receipts, tickets and labels for a variety of applications.

The sleek design of the PrintPAD allows users to conveniently and securely carry their mobile computer, communicate with the printer, as well as charge both the mobile computer and the printer, all in a single integrated package. This innovative one-piece printer system consists of a 4.41 inch (112 mm) wide thermal printer in a rugged case and an embedded communications charging cradle designed for use in a number of different applications with the Hand Held Products Dolphin® 7900 Mobile Computer.

Application Functions

Beverage & Food Sales: Generate up to 2,240 – 6" (152 mm) receipts. Prints graphics and logos.

Field Service: Print work summary reports at the point-of-service.

Route Accounting & Direct Store Delivery (DSD): Print real-time information such as inventory-level data at the customer site or in the warehouse.

Rugged Mobile Point-of-Sale (POS): Scan items, take credit card payment and issue a customer receipt anywhere on the premises (requires optional insertion magnetic stripe card reader).

Proof of Delivery: Print high-resolution signatures.

Transportation & Logistics: Print compliance shipping and inventory labels.

Law Enforcement: Generate citations or tickets at the roadside.

Designed for Comfort and Ease of Use. The PrintPAD 7900, with integrated carry strap, is designed for maximum user comfort. PrintPAD 7900 simply "wakes up" automatically when data is received so there are no buttons or switches required for operation. After printing, the PrintPAD 7900 returns to "sleep" mode to conserve battery life without any user intervention.

Mission-Critical, Global Mobility Solutions. Meet mobile application challenges with the PrintPAD 7900 integrated printing solution. To ensure that the PrintPAD 7900 meets your language needs today and tomorrow, any international character set can be added.

Rugged and Reliable. With uncompromising standards, the PrintPAD 7900 was engineered throughout to withstand even the most punishing portable applications. It can take all the bumps and knocks inherent in the mobile workplace.

Two Year Warranty. The PrintPAD's rock-solid print mechanism is proven to provide years of service where other printers fail. The full two year warranty, even on the printhead, offers peace of mind with our promise to stand behind every product we sell.

"We have been very pleased with the O'Neil product and have seen a failure rate of less than one percent since inception. Reliability is very important to this system."
